

2008 HOUSEBOAT MANAGEMENT **SERVICE PACKAGES**

Wahweap Executive Services: 928-645-1027; Fax 928-645-1061

Wahweap Executive Services' managed boats will be given priority over scheduled or walk-up service requests.

The boat representative/owner must sign a Wahweap Executive Services Houseboat Management Service Agreement. Upon completion, the management service agreement must be ratified by the Wahweap Executive Services Office Manager.

Turnaround packages require a six (6) hour minimum between check-off and check-on. Space at Executive Services docks will be provided based on availability for buoy moored boats for turnaround, but is in no way guaranteed.

Package prices do not include oil, fuel, labor and/or parts for any mechanical repairs or maintenance.

National Park Service (NPS) regulations prohibit Wahweap Executive Services from providing houseboat management services for boats that do not have a Long Term Rental Contract for Lake Powell dry storage, slip, or buoy moorage.

PLATINUM PACKAGE: (Full-Service Each Turnaround)

\$997 Flat Fee per Turnaround

Each turnaround service will include the following:

- **1 hour mechanical preventative maintenance inspection:** Inspection will be performed during each turnaround. The boat's representative will be notified of any mechanical or systems issues found. Executive Services/Wahweap Boat Shop will be pre-authorized by boat's representative or group to make incidental repairs up to \$500.00 without further authorization. This will avoid delaying your Lake Powell vacation experience. Mechanical repairs exceeding \$500.00 must be scheduled through the Executive Services or Wahweap Boat Shop offices.
- **Oil Changes:** Executive Services will track your engine hours to determine oil change intervals according to your boat's maintenance schedule. Executive Services recommends oil changes to be performed on propulsion engines every hundred hours and every fifty hours on generator.
- **Pump, Water, Fuel:** Waste tanks will be pumped out, flushed with fresh water and holding tank chemical added. (The holding tank chemical is included in the package.) Potable water tanks and fuel tanks will be filled, and then the boat will be returned to its slip, buoy or turnaround area. Each owner is required to sign a credit card authorization at Executive Services office prior to their check-on for their fuel charges and the receipt will be sent to the owner.

- **Check On/Off and Piloting :** Your check on and check off will be performed by our captain or Quality Assurance person using check sheets customized to your boat's basic operation, including carbon monoxide monitors. A U.S. Coast Guard licensed captain will pilot the boat away from its mooring and out of the harbor. Upon the boat's return to the harbor area, a captain will pilot the boat back to its moorage or turnaround area for your check off.
- **Cleaning:** Boats will be cleaned using the standards developed by our houseboat rental operation VIP checklist. The boat will be inspected by our Boat Cleaning Supervisor to make sure these standards are met before the boat is released. A copy of the checklist will be faxed to your manager after each turn-around if requested. Bathroom tissue is included in the package.
- **Propane:** Boat will be initially inspected to document location of propane tanks. The number of tanks included in the package will be limited to those onboard the boat in approved racks at the time the initial inspection is completed. The cost of the initial propane is included in the package. Propane purchased at other locations on the lake during the trip will be at the owner's expense.
- **Barge Service:** Complimentary barge service will be provided from your boat to a landing of your choosing within the Wahweap harbor area.

GOLD PACKAGE: (All services except Pilot In/Pilot Out)

\$ 799 Flat Fee per Turn-Around

Each turn-around service will include the following:

- **1 hour mechanical preventative maintenance inspection:** Inspection will be performed during each turnaround. The boat's representative will be notified of any mechanical or systems issues found. The cost of the initial propane is included in the package. Propane purchased at other locations on the lake during the trip will be at the owner's expense.

CARETAKING SERVICE:

- Executive Services personnel will inspect vessel on regular intervals. Prices, services and intervals will be determined by Executive Services personnel and boat's representative/owner on a case by case basis. This service is ideal for the boat owner who desires to maintain their vessel from afar ensuring a Lake Powell vacation experience without issues upon arrival.
